Further queries or comments concerning this Rules are welcomed through communication to BKI Head Office.

Corrigenda No. 1 – April 2022

Section 4 Cargo Containment

D. Materials and construction

4.19 Materials

4.19.1 Materials forming ship structure

4.19.1.4 The hull material forming the secondary barrier shall be in accordance with [Table 6.2](#) and [Table 6.2a and 6.2b](#). Where the secondary barrier is formed by the deck or side shell plating, the material grade required by [Table 6.2](#) shall be carried into the adjacent deck or side shell plating, where applicable, to a suitable extent.

Correction: update reference according to IACS UR G1 Rev.3 Corr.2
